

Extended Day Behavior Contract Grades K-5

Because our Extended Day Program is staffed by school personnel/ volunteers, and because most activities involve active, hands-on learning, students need to be on their best behavior for everyone to benefit from and enjoy the clubs. Our goal in having families complete the behavior contract is to make sure there is a mutual understanding of expectations by parents, children and Extended Day staff. This enables YSWPCS **to provide a safe, relaxed and enriching environment for all children**, as outlined in the program's mission statement. **The children play a positive role in maintaining that positive environment by managing their behavior**, with adult guidance, encouragement and support.

While children are participating in the Extended Day Program, they are expected to follow the same guidelines of **respect for self and others** as they do at any other time. Since students are still learning self-management skills, one poor behavior choice does not eliminate a student's participation in a club. However, if a student displays three such examples of significantly disruptive behavior in a particular club, this indicates either a lack of interest or ability to handle the demands of that particular activity, and the child will not be allowed to remain in the club. Participation in other clubs is not affected.

We hope this contract will meet the needs of all the children attending the Extended Day Program. Please sign and return the completed form to the Extended Day Coordinator by the due date of receiving it.

Please send in the bottom part only and keep the top part for your record.
