CONGRATUALATIONS TO THE
GRADUATES of 2017

PAST EVENTS

Family Science Night

On Thursday, May 18th, YSWPCS held its annual Family Science Night! During the evening families were able to explore various science stations and learn the concepts behind the activities they were completing. Some of the activities that we performed this year are Oobleck, slime, magnetism, and microscope discovery. The robotics team was present to share their Sumo-Bots and many of the families also visited the Book Fair. It was a great evening!

PAST EVENTS

Kickball Game and Capture the Flag

Students and teachers played together in games of kickball and capture the flag to raise money for the cost of the yearbook.

PRINCIPAL'S CORNER

Dear parents/guardians,

5/31/17

Summer is almost here. It was another great year with a lot of accomplishments. We will have our last trimester award ceremony on next Wednesday June 7th. Please join us to celebrate our students success. I wish everyone a great summer and hope to see you all back on August 22nd during our parent staff picnic. We will start the school year on August 23rd. Thank you again for all your support during the year.

Sincerely,

Kasim Biyikli
Principal

Congratulations to the following students for earning an attendance award for the month of May. These students were here for at least one week with no tardies and no absences. Good luck next month in earning this reward; remember be here everyday and on time!

PAST EVENTS

Middle School Career Fair

On May 23, 2017, Young Scholars hosted its second Middle School Career Fair. The 6-8th graders worked hard on researching and then presenting to their peers and teachers a career that interested them. There also were over 10 local professionals in a variety of career fields who presented information to our middle schoolers. The career that the students got to learn about ranged from news journalist to EMT. Mrs. Boss and Mrs. Day teamed up to put this together in order to help the middle school students start thinking about various career paths that they can choose from.
