

My name is Nathalie Smart. My daughter is in Kindergarten at YSWPCS, and I have a ten-month old daughter at home. We relocated to Pennsylvania a year ago and are new to the community, but we look forward to becoming involved with the school community and supporting it any way we can.

I have an MA in teaching Spanish and worked as a university instructor before taking a break for the latest addition to our family. I also have undergraduate degrees in business and graphic design and worked professionally in both fields before discovering my own passion for education (especially for language education).

I'm excited to be a part of the PTO at Young Scholars.
