

PTO MINUTES – APRIL 8, 2017

Meeting began at approximately 11:15 a.m. Although several showed a little late, there were seven parents in attendance.

There was no CEO or Teacher's Report.

We started the discussion with an update on Field Day. We informed them that as of the last Board Meeting, bank agreement for construction was still up on the air. Field Day is still scheduled and with approval from Baldwin Township, we would like to use the field behind the playground.

An update was given regarding May's raffle. As of that day, sales were going well and hoping to keep continuing to sell all tickets.

Next up on the agenda, was Bus Driver Appreciation Week and Teacher Appreciation Week. We asked for donations of extra game, lotto tickets and theater boxed candy for Bus Driver Appreciation Week and informed everyone that a letter will be coming out regarding Teacher Appreciation Week. Dates had been set up for parents to come in and help with posters if they wanted. Posters were being made for all staff members which was approximately 54. There will be breakfast, lunch and dinner throughout the week for staff as well.

Anthony Pacifico informed us that the Getaway Restaurant had been sold to a flipper, which is someone who buys and sells. Tina informed them that she had been considering other providers and hopefully, we will find one soon.

We also talked about the Board Meeting regarding starting a sports program such as soccer or basketball. WPIAL will have to be researched and signed up for to play against other schools.
