

## **KARRIE BENDER, VICE PRESIDENT**

Hello, my name is Karrie Bender. I have two young sons who attend the school. Nicholas "Nico" Bender is entering

4th grade, and Carson Bender 2nd grade. I held the position of PTO President for the last 2 years, and have been voted

in this year as the VicePresident. Prior to holding a PTO Officer position, I was actively involved with the school,

volunteering for events when I could and contributing as a Homeroom Parent.

I currently work from home for my husband's construction company, Benderbuilt Construction, as the Account Manager/Marketing person. [www.benderbuiltconstruction.com](http://www.benderbuiltconstruction.com).

Prior to motherhood, I earned my Associates Degree in Specialized Business Technology, then worked as Account

Manager/Producer for a corporate video production company. Handling schedules, clients and budgets has given me

the skills needed to help oversee operations of the PTO.

Our plan for the 20162017 school year is to continue building on what we started. Incorporating new ideas, building

and recruiting active members, strengthening community involvement, maintaining open communication with teachers

and staff, and ultimately helping the school with initiatives and coordinating fun family events.

I'm always willing to discuss key issues that are important to our school and children, and can be reached anytime at

[karriebender@gmail.com](mailto:karriebender@gmail.com). I look forward to meeting you at future PTO meetings and events!
